

IX Symposium

European Association of Acarologists

Code: W343022699

Seat:

Montpellier SupAgro, 2, place Pierre Viala
34060 Montpellier, France

Dear colleagues,

the Symposium organizing Committee, in consultation with the EurAAC Executive Committee, has decided to postpone a second time the IX EurAAC Symposium, due to uncertainty produced by the global Covid-19 crisis. This decision comes from the need to have a real meeting of people.

The Symposium has been rescheduled for 11-15 July 2022. The information about the Symposium will be specified later through further announcements and through the Symposium website at <https://euraac2022.com/>

It is important to make you informed you that:

- * all registrations to the congress will be transferred as such to the new dates without ANY extra costs to the participants.
- * cancellation policy remains as mutually agreed at the time of your registration (see congress website). However, paid registrations can be transferred to another person, without extra costs to the participants.

We're genuinely disappointed to postpone again the Symposium, but it is a way to have a meeting among people and not computer.

We thank you all in advance for your understanding and look forward to seeing you next year in Bari.
